SSC

N.H Ranka High School Bodwad , Jalgaon
Percentage : **64.60** %   Passout **: 2014**

○ Project

Arduino Based Colour Detection and Sorting Machine

With the help of sensor, camera, microcontroller and image processing system, we use colour sorting machine . This will be act based on colour, size and shape of the objects.We did this project because colour sorting machines arewidely used in most industries to sort the various coloured objects.
